The road to  
healing is  
paved with  
*togetherness*

Ronald  
McDonald  
House®  
Dallas

**We all strive for two very important aspects of life: the health of our family members, especially our children, and having love in our lives. Love that we receive from others and love that we give to others. I am so thankful to be a part of an organization where the Board of Directors, the staff and the volunteers realize the importance of love. For it is love that helped the Ronald McDonald House of Dallas complete an amazing expansion that will help those wanting good health for their family. We are all belssed to have the Ronald McDonald House of Dallas in this community - the House that love built.**

# *Meet the Dip Family*

Ten year old Larissa wants to be a doctor when she grows up. Larissa had her first surgery at three years old and was later diagnosed with hip dysplasia. Her family traveled from Honduras to Dallas for the first time in 2017 when she was just 8 years old. Her first major surgery was on her right hip bone and she was in a body cast from the waist down for 2 months.

She is back in the House this year for the same surgery on the left side. Her mom Karla helps translate for other families around the House and can be found making postelitos in the family kitchen for staff and volunteers. The Dip family is so thankful for the House making them feel so special and giving them a chance to feel at home.
